RE: water test

To Michael Miller; Rob Campbell

Cc Soltani, Ayda@Waterboards; Huggins, Jeff@Waterboards

Hello Mr. Miller,

We are finishing up our inspection report, which includes the sampling results. We expect to mail the report by the end of next week. If you need the sampling results sooner, please let us know.

Thank you,  
Kim

**Subject:** water test

Good Morning Jeff,

Please email me the results of the water tests you took for Sixteen to one 21 tunnel and Kanaka Creek. Thanks for asking questions for the benefit of the others visiting Alleghany for the first time. I look forward towards changes in the requirements based on that evidence that there are no beneficial harms from the water .

Mike
